

REMARKS

Applicants thank the Examiner for allowing claims 11 and 13-15 and for indicating that claims 18 and 19 are directed to allowable subject matter. Applicants have overcome the prior art rejection by incorporating the limitations of allowable claims 18 and 19 into their rejected base claims 16 and 17.

In the previous Response, applicants requested the Examiner to cite the correct Krohn reference, but the Form PTO-892 does not show this correction. Applicants again request that the Examiner list the correct number for the cited Krohn reference on a Form PTO-892 to clarify the record.

Early action allowing claims 11 and 13-17 is solicited.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing 279222001000.
